

GV in Indonesia, 2012 Aug

Hello, this is Saya Komatsu, I will be leading this team. I want to help build hopes for families in Indonesia. Let's make this GV trip a wonderful experience together! If you are interested in , please contact me.

Schedule	Aug 19 (Sun) 2012 – Aug 25 (Sat), 2012 (7 days)
Working Site	<p>Medan, North Sumatera, Indonesia</p> <p>Indonesia has many tourism spots where attract tourists around the world. Indonesia is rich in natural resource and is an archipelago consisting approximately 17,000 islands.</p>  <p>Indonesia has world 4th biggest population and it has experienced strong economic growth in recent years. However, 29% of population has to live less than 1.25 dollars per day and this economic growth is not enjoyed equally. In particular, poverty is concentrated among rural households and there are many families who cannot live in decent houses.</p> <p>This team will work in village named Sei Beras Sekata, where is located 10 kilometers from the airport of Medan, capital city of North Sumatera. Population of this village is 5,564, and 269 families out of total 1,359 households are considered that they live under poverty. Also in this village, 1,359 families live in 1,000 houses and 70% of the houses are considered as non-decent homes. Many houses are lacking at proper sanitation facilities. Children are at a high risk of water-borne diseases and dengue fever due to the poor hygiene and sanitation condition.</p> <p>Habitat Indonesia targets to improve living conditions of 125 families with low incomes in Sei Beras Sekata by November 2012. On this trip, we visit this village and help improving living condition together with local families.</p>

skomatsu0408@habitatjp.org

◆ **Step 3: Receiving Application Completion Notice**

Application is completed when you submit required documents and transfer program participation fee. The Leader will send you a receipt with an application completion notice. Leader will inform you once number of participants meets minimum participant count. Please make sure to book plane tickets that you can cancel in case of having less than 12 people applied by July 5th. Your program participation fee will be fully refunded if the number of participants is not met.

◆If you have any questions, please contact to skomatsu0408@gmail.com.

※1 Insurance

- Although the insurance Habitat provides covers any illness and injury during the construction activity, this is only minimum coverage and not comprehensive. For Example, theft of the baggage, damage caused by delay of the airplane are not covered. We recommend you to join overseas travel insurance individually. Please [click here](#) (Page 14) for more details.

※2 Expense for local stay

- Approx.3,000 yen – 4,000 yen per day (inc. meal, accommodation, etc)
※Please note that above number is an estimation. You will pay according to actual expenses to the leader in Indonesia.

※3 Accommodation

- The room will be twin or triple (separated by gender) in principal. Your roommate will be arranged by the leader. If you have a preference, please inform leader when you submit the application form. Please note that there is possibility we won't be able to meet your request.
- If you prefer a single room with additional cost, please inform leader when you submit the application form.
- Please arrange your accommodation before and after the program by yourself.

※4 Cancellation Policy

- We cannot refund program participation fee after July 5th.
- If you cancel before July 5th, we will receive 10,000 yen as cancellation fee.
- If Habitat for Humanity cancel the trip, the payment will be fully refunded.
